

# A BULLISH ADVANCE

"Science cannot solve the ultimate mystery of nature. And that is because, in the last analysis, we ourselves are part of nature and therefore part of the mystery that we are trying to solve." - Max Planck.

ETERNITY resisting ETERNITY is the unknown energy that is back of everything - everywhere at once - beyond the reaches of science.

It sees us coming.

This is THOUGHT and we are the movement of Thought - thinking!

We are one and the same except contained within our own thinking. This is called free-will?

The sum of who we think we are, is the changing moment of Thought, existing high and above the mass - orchestrating all.

A bullish advance from wisdom.

**“To get back to the real substance of all things, you must get back into the thought world. Until one knows that the thought-energy is the cause of which is back of all things, and the product only the effect, then he is tied to the effect and is limited by it.” - Walter Russell.**
