

# ANATHEMA

**“And what is a man without energy? Nothing - nothing at all.”**

- Mark Twain.

Mark Twain couldn't resist a wee joke at our expense.

NOTHING/ETERNITY is the source of energy.

ETERNITY was resisted by ETERNITY creating an illusion to be resolved in energy.

Energy is Positive/negative – a duality that wages war until the illusion is resolved.

Because the illusion is energy it can be figured out but still requires a leap of faith to enter the grand landscape of the ETERNAL nothing.

**“And what is a man without energy? Nothing - nothing at all.”**

Every detail of life boils down to a rotating wheel producing output.

This is the mechanical environment of everything that moves.

Behind the mechanics are the drivers and the main driver is the original resistance.

This is antithesis: God resisting itself – the illusion to be figured out.

- The primal antithesis/thought/resistance is everywhere at once as the changing sum of who we think we are.

We are the movement of thought – one and the same.

Thought is the smallest particle of matter.

We are a mass of individual's empowering a singularity to direct our purpose.

This relationship must be figured out, but not before we accept Eternity as the source of energy.

The demon in our heads makes sure we do not rationalize Eternity as the source of energy.

Making the illusion real is anathema to life in energy.

**Eternity is the source of energy.”** – Nikola Tesla.
